## **NATIONAL PUBLIC HEALTH WEEK April 4 - 10, 2022**

### **National Public Health Week**

**April 4 - 10, 2022**

### **Public Health is Where You Are**

It's National Public Health Week! This year's theme is "Public Health is Where You Are" so join us as we continue to work towards healthier communities. Where we live impacts our health, having access to care and support within our community has a positive effect on our mental and physical health. Unfortunately, not everyone has access to the resources they need to lead healthy lives. Our Sisters United in Health initiative provides outreach, education, and referrals to reduce the barriers that many in our communities experience.

Show your appreciation of Public Health to keep our communities safe and healthy. Do you know about public health efforts that have improved health globally or in your local community? Share them with us! **#ThankYouPublicHealth**

**Thank you to everyone who helped make  
Giving Day 2022 a success!!!**

**One  
day to  
give.**

ADELPHI UNIVERSITY  
GIVING DAY 03.23.22

**GIVING DAY - 03.23.22**

**#Give4Adelphi**

**Thank you!** Your continued support allowed us to have a successful **GIVING DAY**. Your donations helped us raise over **\$6200**.

Our licensed social workers work tirelessly to support the breast cancer community. With the help of dedicated volunteers, we provide a hotline 365 days a year, individual and group counseling (in English and Spanish), patient navigation at local hospitals, and educational events for the breast cancer community. Our staff are also training the next generation by supervising interns pursuing social work and public health degrees at Adelphi University. All of our services are completely free and confidential.

We are **grateful to you** for allowing us to make a positive difference in the lives of breast cancer patients and their families.

"Social Workers are fearless. They are not afraid to stand up for what is right and just, in spite of the challenges that they may face. Leading by example, Social Workers exemplify the mantra that it takes courage to ask for help." –Angela Papalia, LMSW, Assistant Director

## Join us in celebrating **NATIONAL VOLUNTEER WEEK** **APRIL 17- 23, 2022**

Volunteers give to others the best gift possible; themselves. Since beginning my role as the Volunteer Coordinator at The Adelphi Breast Cancer Support Program, our volunteers' generosity and dedication to others has stood out. In spite of personal hardships or a global pandemic, the volunteers have shown up to help others in need. Our program could not function without their selflessness. I am eternally grateful.

## **Research Opportunities**

### **The STOP breast cancer clinical trial – Stony Brook Medicine Are you Postmenopausal? Do you have Dense Breasts?**

Research suggests that women with dense breasts are more likely to develop breast cancer. This study will test if anti-inflammatory drugs are able to reduce breast density and help us understand why breast density is linked to breast cancer development. This study is sponsored by the National Cancer Institute.

If interested, please contact us at **(631) SB-Trial** (728-7425) or CancerClinicalTrials@stonybrookmedicine.edu
